

Call for participants

The *Center for Music in the Brain* is looking for volunteers for an experiment.

What?

You will perform a simple synchronization task while listening to metronomes. You will take part together with three other participants. We will measure your brain activity using electroencephalography (EEG) to study how the brain integrates multiple rhythmic signals in a social context.

How much?

Compensation: **260 DKK**

How long?

Approximately **2 hours**.

Where?

Aarhus University Hospital, **entrance J**, Palle Juul-Jensens Boulevard 99, Aarhus N.

To whom?

- Normal health (without neurological or psychiatric disease)
- Normal hearing
- Between 18 and 55 years of age
- Fluent in English or Danish
